Welcome to Barker Creek Community School!

Barker Creek Community School has been created and structured specifically to serve students whose educational needs may not be matched by more traditional high school programs. Due to the complex nature of our school population, we deal with each student on an individual basis. Message from the Principal:

As the Principal of Barker Creek Community School, it is my pleasure to welcome you to the start of another school year. Barker Creek staff members are committed to helping students reach their goals and to be successful in all aspects of life by providing appropriate coursework in a nurturing environment. One would have a difficult time finding a more caring group of dedicated people who provide the individual attention and encouragement necessary to make progress and success attainable. I look forward to working with you and the staff to create opportunities for you and your student to experience success and to grow both personally and academically.

Barker Creek Community School provides a unique educational environment. Enrollment is open to all students from grades K-12. This program is a school of choice, and consequently, enrollment is a privilege, not a right. In order to enter into Barker Creek, students must apply for admission, be tested, have an interview, and formally be accepted. Students are also required to maintain satisfactory progress throughout their enrollment as required by State law.

It is my belief that every student who enrolls and is accepted into the Barker Creek Community School can be successful. Students in our program are just as capable of success in academics as other students in traditional schools. Your teachers are committed to establishing a relationship with you and personalizing your learning. Students will be placed into individual courses based upon a mutually developed Alternative Learning Plan. I will also be working hard to help you reach your individual goals, treat you with respect, demonstrate confidence in your ability, and model integrity. I appreciate that you have chosen to be part of the Barker Creek Community School and wish you the best of success.

Sincerely,

Stuart Crisman
Principal

Dress Code

- Barker Creek Community School students should dress in a manner that is appropriate for school and/or for the workplace. Students whose appearance is a distraction to the educational environment will be asked to change or to go home.
- Clothing which reveals a significant amount of skin, including but not limited to backless tops, tops which do not significantly cover midriffs and/or both shoulders, extremely short skirts or shorts, skirts with high slits, or low cut shirts, is inappropriate. In addition, clothing that reveals undergarments, including boxer shorts, should not be worn or should be worn in a way that covers the undergarment.

- Students may use electronic devices, for their educational benefit, at the discretion of the classroom teacher or staff member. Any electronic devices that are used without permission may be confiscated.

SEXUAL HARASSMENT POLICY FOR STUDENTS

Sexual harassment -- in any form -- is forbidden in Central Kitsap schools. It can cause serious physical or psychological damage to students, affecting grades, attendance, performance, and pride in one's life and work. Whether from students or staff, this type of behavior will result in severe consequences.

Sexual harassment is considered to be a form of sex discrimination, and it is illegal in schools and in the workplace under existing state and federal laws.

The following behaviors, or other related behaviors, are not allowed:

- Staring or leering with sexual overtones
- Spreading sexual gossip
- Sexual comments or sexual jokes
- Pressure for sexual activity
- Any unwanted physical contact of a sexual nature
- Attempted rape or rape
- Feigned friendly pats, squeezes, pinches, or other forms of physical contact
- Cornering or stalking a person
- Explicit or suggestive materials including "pin-ups" or sexually degrading cartoons
- Comments or actions which are sexual in nature, regardless of intent, and found to be offensive by any student or staff member

Victims of sexual harassment should report the problem to an adult (teacher, counselor, or administrator) in the school as soon as possible. The adult then has the responsibility to undertake an investigation. The privacy of the student is to be protected as much as possible. A range of discipline for sexual harassment will be exercised, depending on the severity of the offense.

The consequences may include:

- Counseling
- Suspension, up to: from 7 days to 90 days, or more, depending on the severity of the harassment.

NOTE

- All forms must be complete, including signatures from parent or guardian, (or the student if 18), before students will be enrolled.
